Guillem HURAULT | Data Scientist

London SE1 – UK

+44 (0)7729 283639 • guillem.hurault@hotmail.fr • ghurault.github.io • ghurault • ghurault

French • UK Settled Status

Data Scientist with a **PhD in Statistical Machine Learning** for medical applications. Deep expertise in **Bayesian modelling** and **time-series forecasting**. Highly proficient with the **R** programming language and conscious about reproducible coding practices. Hands-on experience in managing research projects.

Professional Experience

Sept. 2022 – Today
Data Scientist, *Pythia Sports*, London, UK
Developed and conducted statistical analysis of predictive models for a sports betting pipeline.

Oct. 2017 – Sept. 2022
Imperial College London (Department of Bioengineering), UK
Research Associate (Jun. 2022 - Sept. 2022)
Research Assistant (Oct. 2017 - May 2022)

- Pioneered research on eczema for 1) detecting and assessing eczema in camera images using CNN, 2) predicting the evolution of eczema severity, 3) generating personalised treatment recommendations.
- Analysed real-world and clinical trial patient data with state-of-the-art Bayesian models for time-series forecasting.
- Published 10+ scientific articles to clinical and machine learning audiences. Presented work at international conferences. Reviewed several research papers.
- Developed software packages (EczemaPred, Hurformer Misc) and high-quality analysis code following agile and reproducible research practices (version control, documentation, testing, continuous integration).
- Supervised 25+ student projects on topics like statistical modelling, computer vision, clustering, Gaussian Processes.

2019 – 2021
Teaching Assistant, *Imperial College London (Department of Bioengineering)*, UK, part-time
Probability & Statistics ○ Mathematics ○ Occasional teaching in Machine Learning and Brain Machine Interfaces.

May 2016 –July 2016
Research Intern, *Laboratoire de Neurosciences Cognitives (CNRS UMR 7291), Aix-Marseille Université*, France
Analysed fMRI images using Machine Learning to understand the role of the oculomotor cortex in social perception.

Education

2018–2022
PhD in Statistical Machine Learning, *Imperial College London (Department of Bioengineering)*, UK
Thesis: Towards a data-driven personalised management of Atopic Dermatitis severity. Supervisor: Dr. Tanaka.

2016–2017
MSc in Biomedical Engineering, Neurotechnology, *Imperial College London*, UK, Distinction

2014–2018
Master's Degree in Engineering, *Ecole Centrale de Lyon*, one of France's top engineering schools

2014–2016
Bachelor's Degree in Economics, *Université Lyon 2*, France

2012-2014
Intensive preparation in Maths and Physics (MPSI, MP*) for the highly competitive entrance exams to the French "Grandes Écoles" at *Lycée Chateaubriand*, Rennes (France).

Skills

Languages
○ Native **French** ○ Fluent **English** ○ Basic Portuguese

Data Science
○ Machine Learning ○ Statistics ○ Bayesian modelling ○ Time-series forecasting ○ Uncertainty quantification ○ Visualisation ○ Missing values ○ Regularisation ○ Decision-making ○ Clustering ○ Causality

Programming
Working knowledge: ○ R (incl. tidyverse, Shiny, package development) ○ Stan ○ MATLAB ○ LaTeX ○ RegEx ○ Git/GitHub

Basic knowledge: ○ Python ○ SQL ○ C# (incl. Infer.NET) ○ Docker ○ HTML ○ Tableau

Software
○ Microsoft Office (incl. Publisher) ○ Microsoft Visual Studio ○ Adobe Premiere ○ Gimp

Other Experiences

2019 – 2021 **Bioengineering PhD representative**, *Imperial College London*

Represented 200+ PhD researchers in departmental meetings, organised social and professional events.

2014-2017 **Engineering student**

- Investigated the evolution of eczema using Machine Learning methods in the Biological Control Systems Lab.
- Designed a genetic algorithm in a research project with LIRIS Lab (CNRS) to solve a scheduling problem.
- Supervised a 6-person team for HEXADRONE to design and test a security system to avoid the crash of a drone.

2015 **General Secretary**, *Forum Perspectives*

Organized a yearly career fair with 100 companies, 2000 students participating and a turnover of 250k€.

2015 **Treasurer, Communication coordinator and Editor** of Centrale Lyon's newspaper Piston Hebdo.

2015 Active committee member of Centrale Lyon's Cinema Society.
