

Guillem HURAULT | Data Science Researcher

London SW6 – UK

☎ +44 (0)7729 283639 • ✉ guillem.hurault@hotmail.fr • 💻 ghurault.github.io • 🔗 ghurault • 🌐 ghurault
🇫🇷 French • UK Settled Status

Engineer with a **PhD degree in Statistical Machine Learning** for medical applications and **5 years of experience in data science**. Deep expertise in **Bayesian modelling** and **time-series forecasting**. Highly proficient with the **R** statistical programming language and conscious about reproducible coding practices. Hands-on experience in managing research projects. **Looking to apply my skills to business applications.**

Education

- 2018–2022 **PhD in Statistical Machine Learning**, *Department of Bioengineering, Imperial College London, UK*
Thesis: Towards a data-driven personalised management of Atopic Dermatitis severity. Supervisor: Dr. Tanaka.
- 2016–2017 **MSc in Biomedical Engineering, Neurotechnology**, *Imperial College London, UK*, Distinction
- 2014–2018 **Master's Degree in Engineering**, *Ecole Centrale de Lyon*, one of France's top engineering schools
- 2014–2016 **Bachelor's Degree in Economics**, *Université Lyon 2, France*
- 2012–2014 Intensive preparation in Maths and Physics (MPSI, MP*) for the highly competitive entrance exams to the French "Grandes Écoles" at *Lycée Chateaubriand, Rennes (France)*.

Professional Experience

- October 2017 **Research Assistant**, *Department of Bioengineering, Imperial College London, UK*
 - Today
 - Pioneered research on eczema for 1) detecting and assessing eczema in camera images using CNN, 2) predicting the evolution of eczema severity, 3) generating personalised treatment recommendations.
 - Analysed real-world and clinical trial patient data with state-of-the-art Bayesian models for time-series forecasting.
 - Published 10+ scientific articles to clinical and machine learning audiences. Presented work at international conferences. Reviewed several research papers.
 - Developed software packages (EczemaPred, HuraultMisc) and high-quality analysis code following agile and reproducible research practices (version control, documentation, testing, continuous integration).
 - Supervised 25+ student projects on topics like statistical modelling, computer vision, clustering, Gaussian Processes.
 - Designed and managed our external website, knowledge base and code repositories (GitHub). Set up standard operating procedures for writing and sharing code.
- 2019 – 2021 **Teaching Assistant**, *Department of Bioengineering, Imperial College London, UK*, part-time
 - Probability & Statistics ○ Mathematics ○ Occasional teaching in Machine Learning and Brain Machine Interfaces.
- May 2016 **Research Intern**, *Laboratoire de Neurosciences Cognitives (CNRS UMR 7291), Aix-Marseille Université, France*
- July 2016 Analysed fMRI images using Machine Learning to understand the role of the oculomotor cortex in social perception.

Skills

- Languages ○ Native **French** ○ Fluent **English** ○ Basic Portuguese
- Data Science ○ Machine Learning ○ Statistics ○ Bayesian modelling ○ Time-series forecasting ○ Uncertainty quantification
○ Visualisation ○ Missing values ○ Regularisation ○ Decision-making ○ Clustering ○ Causality
- Programming **Working knowledge:** ○  R (incl. tidyverse, Shiny, package development) ○  Stan ○  MATLAB
○ \LaTeX ○ RegEx ○ Git/GitHub
Basic knowledge: ○ Python ○ SQL ○ C# (incl. Infer.NET) ○ Docker ○ HTML ○ Tableau
- Software ○ Microsoft Office (incl. Publisher) ○ Microsoft Visual Studio ○ Adobe Premiere ○ Gimp

Other Experiences

2019 – 2021 **Bioengineering PhD representative, Imperial College London**

Represented 200+ PhD researchers in departmental meetings, organised social and professional events.

2014-2017 **Engineering student**

- Investigated the evolution of eczema using Machine Learning methods in the Biological Control Systems Lab.
- Designed a genetic algorithm in a research project with LIRIS Lab (CNRS) to solve a scheduling problem.
- Supervised a 6-person team for HEXADRONE to design and test a security system to avoid the crash of a drone.

2015 **General Secretary, Forum Perspectives**

Organized a yearly career fair with 100 companies, 2000 students participating and a turnover of 250k€.

2015 **Treasurer, Communication coordinator and Editor** of Centrale Lyon's newspaper Piston Hebdo.

2015 Active committee member of Centrale Lyon's Cinema Society.
